To whom it may concern:

Mark Saxon has shared with me his passionate interest to lead a council as Scout Executive. I feel strongly that he is prepared to take this next step in his scouting career.

I have worked closely with Mark over the past several years on many important council initiatives. Mark has demonstrated to me that he has mastered the skills necessary to lead a council. Mark has exceptional strengths in the areas of general leadership, finance, fund raising, risk management, and council-wide operations.

I have observed Marks's interactions with volunteers that range from unit level leaders to council board members. With all, Mark is genuine with his interactions; responsive to requests and extremely business mature.

As a volunteer, I am Council Board Chair & President. It truly is with mixed emotions that I write this letter of recommendation. We will miss Mark's contribution and leadership. However, it is time for Mark to step into the role of Scout Executive.

Sincerely,

Scott A. Storrer
Council Board Chair & President
